PARK DIRECTIVE 1191

SMOKING / TOBACCO / ELECTRONIC CIGARETTE POLICY

For public health, safety, preservation, and the prevention of triggering of smoke/fire alarm/vapor sensitive systems, the use of the following “products” is prohibited within twenty-five (25) feet of any enclosed Arkansas State Park building or structure:

- Smoking of tobacco
- Tobacco
- Non-FDA Center for Tobacco Products (CTP) regulated nicotine products in any form
- Electronic cigarette (e-cig or e-cigarette)
- Personal vaporizer (PV)
- Electronic nicotine delivery system (ENDS)

An exception to the above is the use of legal products at:

- Open picnic pavilions
- Outside of cabins, to include screened and open porches and decks

Smoking continues to be prohibited inside all park and museum buildings. Park Superintendents may establish designated employee legal product use areas outside of buildings that are away (at least twenty-five (25) feet) from any building entrance and out of public view.

Replaces PD 1191 dated August 9, 2005
